

UPGRADE LADDERS SECURE KIT

RSG2HR (2) + BLCG2HR-02 (1)

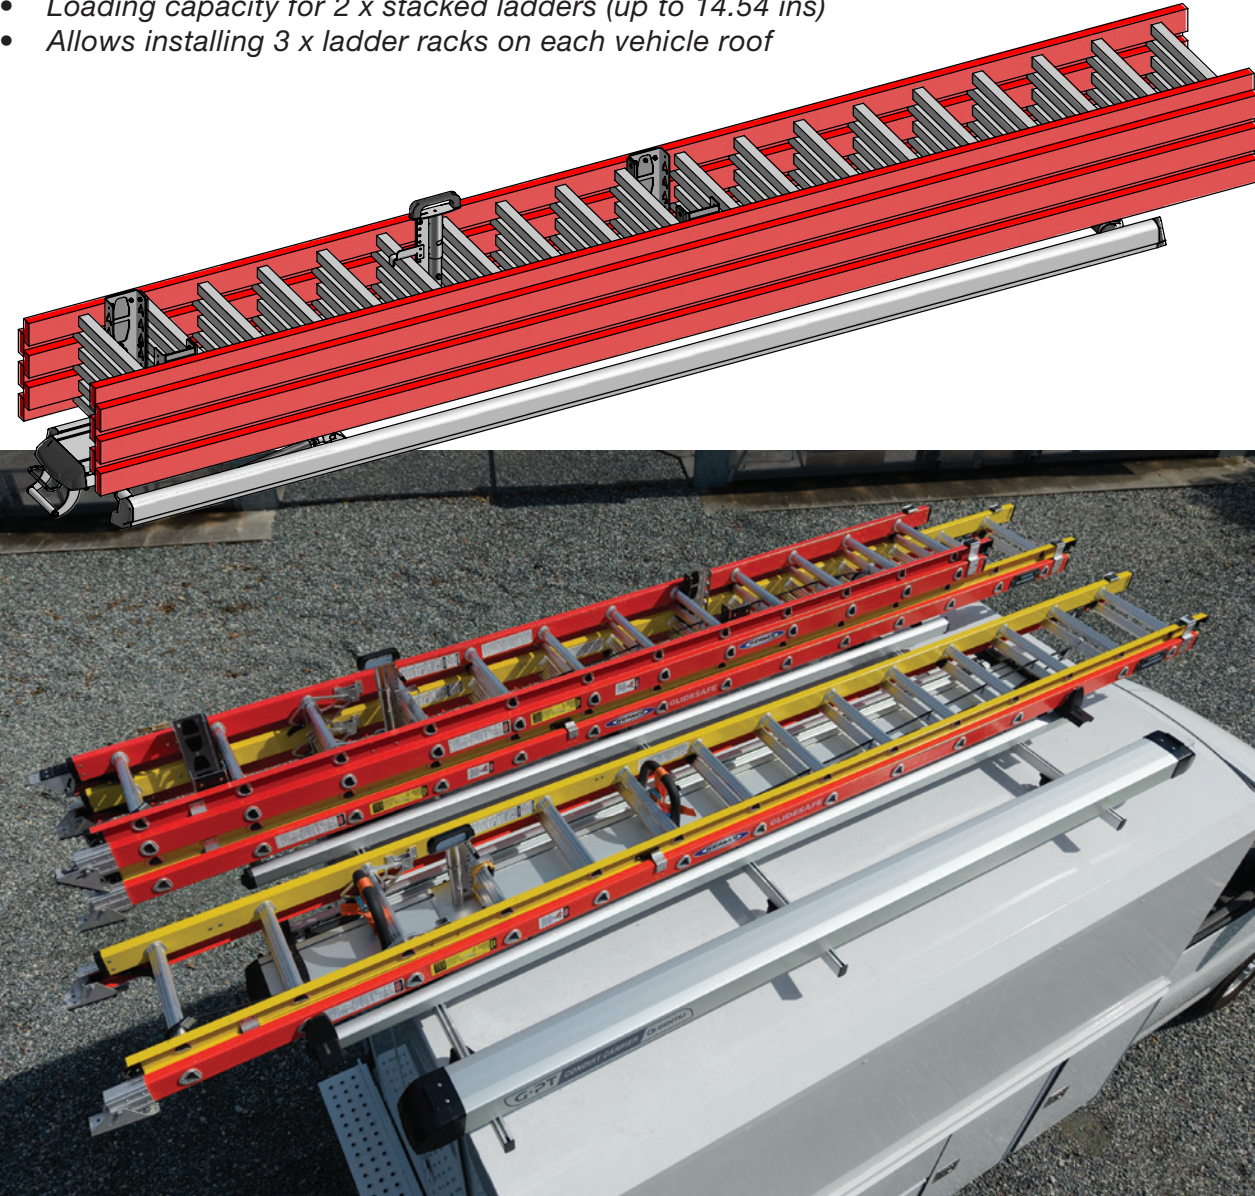

(2 x ladders)

Available as an accessory for the G2000 Harrier

Constructed from durable stainless steel, the Upgrade Ladder Secure Kit includes two RSG2HR adjustable restraints, accommodating ladder widths from 11 to 17.3 inches. One restraint prevents forward movement during acceleration, while the other prevents rearward movement during deceleration. The kit also includes a BLCG2HR-02 Ladder Lock & Hold Down, which securely holds ladders in place vertically without straps—enabling fast, efficient loading and unloading in approximately 20 seconds. The height is adjustable between 7.4” to 14.5” to accommodate multiple ladders by stacking. The Ladder Lock & Hold Down is padlock capable to help prevent theft.

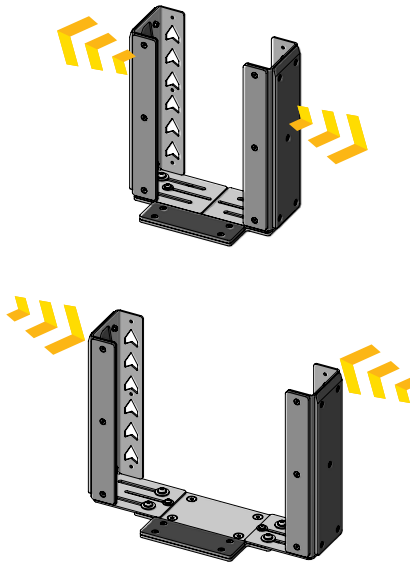

KEY BENEFITS

- Improves efficiency (no straps)
- Anti-theft system
- Loading capacity for 2 x stacked ladders (up to 14.54 ins)
- Allows installing 3 x ladder racks on each vehicle roof

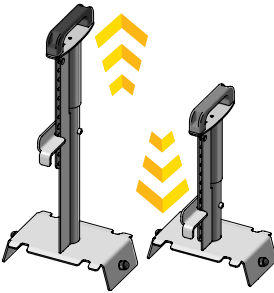

2 x RSG2HR

★ Padlock not supplied

1 x BLCG2HR-02
