

ACCESSORIES

LADDER LOCK & HOLD DOWN - BLCG2HR

Available as an accessory for the G2000 Harrier

PATENT No 0000281312

The stainless-steel Ladder Lock & Hold Down holds ladders without using straps, making the process of loading and unloading the ladders a matter of 20 seconds. The height is adjustable from 1 to 9.1 inches to accommodate multiple ladders by stacking. The Ladder Lock & Hold Down is padlock-compatible to help prevent theft.

★ Padlock not supplied

KEY BENEFITS

- Improves efficiency (no straps)
- Anti-theft system
- Loading capacity for 2 x stacked ladders (up to 9.1 ins)

SPOILER KIT

Available as an accessory for the G2000 Harrier

Constructed from durable anodized aluminum, the Spoiler Kit transforms the approximately 40 inches of open roof width beside the G2000 Harrier into valuable additional cargo space. Designed for transporting long and bulky materials, the kit features a rear roller for smoother loading and unloading, a sturdy side bar that provides a secure tie-down point, and a front aerodynamic spoiler that helps reduce wind noise while driving.

KEY BENEFITS

- Improved load capacity
- Easy loading operations
- Without increasing noise during operation
